## GREETINGS FROM ALASKA!

Nicknamed “The Last Frontier”, there are few places on earth that capture the imagination like Alaska. Within rugged mountains, dense rainforests, and breathtaking glaciers lies a rich history, abundant wildlife, and an undeniably Alaskan spirit of adventure. For many, it’s the destination of a lifetime.

Whether your Alaska vacation dreams involve a luxury cruise, an independent highway adventure, or a combination of land and sea travel, Alaska Travel Adventures can help you make your time in Alaska truly unforgettable. Founded in 1978, we are one of Alaska’s most experienced and most diversified vacation companies. With operations in 5 of the most popular Alaska travel destinations, we offer a time-tested selection of expertly guided day tours, attractions, and travel packages.

For fans of “choose your own adventure” stories and lovers of the open road, there’s no better way to explore Alaska’s interior than from the comfort and convenience of an RV. Sitting up high to better enjoy the scenery; you have total freedom to stop when and where you want, for however long you wish. Most of our [Alaska Motorhome Rentals](#) customers tell us that they wouldn’t do it any other way.

For those seeking a best of both worlds—combination of adventure and luxury, our [Alaska Highway Cruises](#) RV and cruise packages can’t be beat. This complete land and sea vacation package combines a 3, 4 or 7-day Holland America Line cruise together with 1 to 3 weeks exploring Alaska in your own private, easy-to-drive Class C motorhome. Packages include a reserved private campground, easy-to-follow maps and directions, and the freedom to set your own pace.

Whether traveling on land or by sea, our [Alaska Travel Adventures Tours & Attractions](#) can help you make the most of your vacation with unique Alaskan experiences. We offer a variety of guided tours designed to suit a wide range of ages and abilities. Drive your own 4-wheel drive Jeep Wrangler on mountain roads through Ketchikan’s lush rainforest, commune with nature on a whale watching cruise or on a nature hike through a temperate rainforest. Experience whitewater rafting on a glacier-fed river, sea kayaking in a peaceful bay, or paddle an authentic Alaska Native style canoe among icebergs at a glacier face. Many tours and attractions can even be combined; for example, try your luck at gold panning and then taste wild Alaska salmon at one of our real outdoor salmon bakes. All of these activities and more are available throughout Alaska; see inside this brochure for details and visit [AlaskaTravelAdventures.com](#) for videos and additional photos and information.

Thank you for your interest in [Alaska Travel Adventures](#). Please call, and let us help make your Alaska dreams come true.

# ALASKA'S ONLY COMBINED RV AND CRUISE VACATION!

Every **Alaska Highway Cruises** vacation includes a **Holland America Line** cruise along with an up-close and personal experience in your own RV. You have several choices of cruise itinerary; all include the incredibly scenic Inside Passage. Whether you cruise before or after your land tour, you'll find each experience makes the other more meaningful. Only when you view this tremendous state from both land and sea can you fully comprehend and appreciate its immensity, its diversity and its magnificent beauty.

**Why we're different.** We are the only operator of combined cruise and motorhome vacations in Alaska and our goal is to provide you a fulfilling, adventure-packed Alaska experience. Planning your dream Alaska vacation can be overwhelming, with a land area of over 586,000 square miles, and east to west borders spanning 2,400 miles, there are countless adventures to choose from. With nearly 40 years of expertise in Alaska tourism, we are here to help make those choices a little easier.

A luxury cruise to Alaska is the choice of many visitors to best enjoy the magnificent scenery and discover the awe of cruising silently through the untouched wilderness of the famed Inside Passage. Watch for the telltale spout of a humpback whale, visit the colorful ports of call in Southeast Alaska and may have the chance to experience the roar of calving glaciers in Glacier Bay National Park. All these amazing experiences while being pampered aboard a ship with sumptuous dining, live entertainment and many more incredible amenities of these floating resorts!

However, to limit your Alaska vacation to only experiencing this vast and extraordinary state by sea, is to miss the opportunity to truly discover the untamed wilderness and diverse culture that makes Alaska a dream destination for so many. Visitors that combine a land and sea adventure for their Alaska vacation are able to truly experience the best that Alaska has to offer.

Treating visitors to the best of Alaska by both land and sea is what **Alaska Highway Cruises** is all about. Many visitors view Alaska's interior from the confines of a large motorcoach or railcar, we offer our customers the convenience, freedom and flexibility of a fully equipped, late model Class C motorhome, allowing them to choose where to go and when.

**Sail with the World's Best Cruise Line.** Holland America Line boasts Alaska's largest 5-star fleet—consistently voted “best cruise value” by those who know cruising best. That is why it is our choice for the cruise portion of your **Alaska Highway Cruises** vacation.

**The Inside Passage.** This thousand-mile waterway is a magical world of narrow passageways, forests, mountains and deep fjords. As you sail silently through this untamed and enchanting land, keep an eye out for whales, eagles and countless other animals that call these lands home.

**Ketchikan.** Come ashore to one of the state's most picturesque communities. Fishing boats, pleasure craft and planes shelter in the harbor. Shore excursion options may include the **Backcountry Jeep & Canoe Safari**, **Rainforest Island Adventure**, or **Rainforest Canoe & Nature Trail**—combine with **Totem Bight State Historical Park** or browse the Creek Street boutiques and waterfront shops.

**Juneau.** Accessible only by boat or plane, pivotal in Gold Rush history, summer feeding grounds of Humpback and Orca whales and home to one of the only road accessible Glaciers in Alaska, there is so much to discover in Alaska's Capital. Experience the **Best of Juneau\***, which will take you to the famous Mendenhall Glacier, **Whale Watching Adventure**, and the original **Alaska Salmon Bake**. We have a host of other tour options as well; **Glacier Float Trip**, **Glacier View Sea Kayaking**, **Historic Gold Mining & Panning**, **Mendenhall Glacier Lake Canoe or Kayaking**, and more.

**Skagway.** The sidewalks are all but rolled up in Skagway come winter, so you can only imagine the frightful conditions endured by the gold prospectors who passed through enroute to the Yukon, with a mandatory ton of supplies to be hauled with them over the steep and treacherous Trail of '98. 21st-century summertime visits to Skagway require nothing of the sort, but you're sure to enjoy the history, entertainment and the mouth-watering grilled salmon at **Liamsville Gold Rush Trail Camp & Salmon Bake**, a replica 1890s community so named for the tall-tales published by journalists assigned to cover the Klondike Gold Rush.

**Alaska's Interior.** Exploring Alaska's interior is the best way to experience Alaska's wide open spaces, witness the splendor of Denali in Denali National Park. View wildlife such as moose, brown bears, foxes and caribou in their natural habitat or participate in one of Alaska's favorite pastimes and cast a line for salmon or trout in one of Alaska's 3,000 rivers.

**The freedom of an RV.** What advantages does RV travel provide? It means there are no long lines associated with traveling in a large group. No daily packing and unpacking luggage and no rigid schedules to follow. Stop for that special photo opportunity or to have lunch, wherever and whenever you please. Your reserved campsites mean peace of mind and no rush to reach your next exciting destination.

**The ease of an RV.** Never driven a motorhome before? No problem. Most of our guests are first time RVers, and they say it's as easy as driving a car. We provide all the orientation you need to make sure your motorhome journey is carefree and provide you with a toll-free number to call us in the event you have any questions along the way. See for yourself why thousands of our past customers tell us if they had an opportunity to visit Alaska again, they wouldn't do it any other way.

## THE ULTIMATE ROAD ADVENTURE!

There's no better way to experience the interior marvels of the Great Land than from the vantage point of one of **Alaska Motorhome Rental's** roomy, comfortable motorhomes. See the sights up close, stop to snap a photo, go fishing, have a picnic. Best of all, you set your own pace, choose where you're going to go, and how long you want to stay. *Freedom has never felt so good!*

### HERE ARE A FEW OF THE HIGHLIGHTS ALONG THE ROAD:

**Anchorage**, may be Alaska's largest city, but you still sense the proximity of the wilderness and the frontier spirit. Witness the tidal bore along Turnagain Arm (conditions permitting), when a wall of water up to six feet high rushes up the inlet. Catch a comfortable night's rest at **Anchorage Ship Creek RV Park**.

**Homer, on the Kenai Peninsula**, attracts fishermen, artists and seekers of spectacular scenery. Across the bay a timbered coastline rises to the glacier-capped peaks of the Kenai Mountains. Visit Homer Spit, a small-boat harbor, canneries, boat building shops and the occasional artist with an easel.

**Denali National Park and Preserve** is home to North America's tallest mountain, and to wildlife in amazing abundance. Weather permitting, you may catch a glimpse of 20,320-ft. Denali long before you reach the park, from the highway between Anchorage and Fairbanks.

**Fairbanks** began as a Gold Rush town and has been thriving ever since. Here you may inspect the TransAlaska Pipeline just outside of town, visit Gold Dredge #8, and try your hand at panning.

**Skagway** was one of the liveliest towns in the hemisphere in 1898, when it was the gateway to Gold Rush Country. And it hasn't lost a particle of its spirit. The whole downtown is a National Historic Park, with its well-trodden boardwalks and false-fronted saloons. Shopping is fun here, for anything from gold nugget jewelry to original works of Alaskan art.

**The Alaska Highway.** This historic road began as a one-lane supply line to Alaska at the outbreak of World War II. Today it runs from Dawson Creek, BC, for 1,486 miles to Fairbanks. Along the way you might spot moose, caribou, bison and Dall sheep.

**Kluane National Park and Preserve**, between Whitehorse and Beaver Creek, is an UNESCO World Heritage Site. It contains some of Canada's highest peaks and is a prime wildlife-viewing area. The Alaska Highway skirts crystal-clear, glacier-fed Kluane Lake for 40 miles while the snow clad, 7,000-ft.-plus Kluane Ranges parallel the highway to the west. You may glimpse distant giants of the St. Elias Mountain Range.

**The Yukon.** Whitehorse, capital of Yukon Territory, is a friendly modern city that provides vivid reminders of its Gold Rush beginnings. You may visit the grand old sternwheeler, S.S. Klondike, permanently anchored on dry land by the riverside.

**Dawson City** is a perfectly preserved Gold Rush town. Hardly anything has changed since the boom days when thousands descended on the town to get rich quick.

## FREQUENT QUESTIONS:

**If you've never driven a motorhome before, no problem!** All of our motorhomes are Class C "cabovers", simply a home built on a van chassis—our guests tell us it's as easy as driving a car. Here are answers to some common questions to help you become more comfortable with your home on wheels.

**What's the driver's cab like?** You have a tilt wheel, two captain's chairs with arm rests, power steering, automatic transmission, ABS power brakes and cruise control. The turning radius is remarkably short so driving will be easy, comfortable and safe. The cab has backup camera, AC, AM/FM stereo and CD player.

**How about the living area?** All our RVs have a shower, bathroom, full galley, dinette, storage areas, and comfortable beds. They have roof air conditioning and a furnace with automatic thermostat control, water heater, range with oven and/or a microwave oven and a large refrigerator/freezer. All the comforts of home!

**Will my RV be hard to drive?** No—it will be similar to driving a van or a pick-up. For most of our guests, this is a first experience with an RV, and they give us high ratings for "ease of driving."

**I haven't driven an RV before. Will you teach me what to do?** Yes; every guest is given a very thorough orientation on operation of the RV before setting out. You'll be able to reach us at our toll-free Roadside Assistance number if you have further questions.

**What will my RV be like? How big and what layout?** Our fleet of Class C motorhomes are late-model, with 5-speed automatic overdrive transmission. Depending on the size of your party, your preferences and vehicle availability, it will be between 21 and 32 feet long, and will sleep 2 to 6 people. The larger models provide plenty of room and privacy for families and other guests.

**How is the driving in Alaska?** Much like driving any two lane rural highway in the "Lower 48". There's less traffic, but may have more road construction. Roads are sometimes bumpier, due to permafrost typical for Alaska and the Yukon.

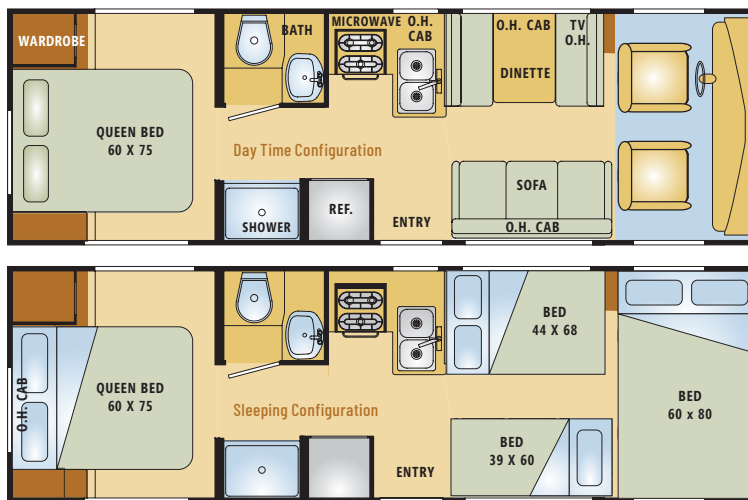

**What if I need assistance?** You're not alone out there. You may call our special toll-free number, 16 hours a day, 7 days a week for Roadside Assistance. We'll help you solve the problem, or get you to someone who can.

**How about housekeeping supplies & equipment?** With our optional housekeeping package, just about everything you need is supplied; towels for bath and kitchen, sheets, blankets and pillows. The kitchen is stocked with pots, pans, utensils, glassware, flatware, electric toaster and coffeemaker.

## YOUR HOME ON THE ROAD

**See Alaska at your own pace.** We offer Standard and Large Class C cabover size options, so no matter what your needs are we have an RV to fit you.

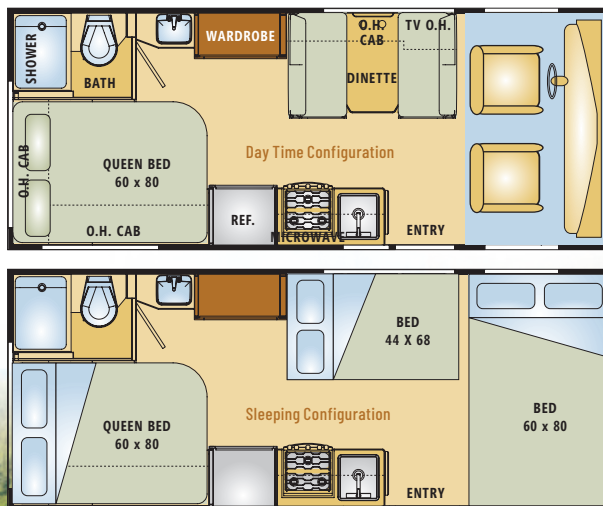

**LARGE RV** Perfect for a party of 4 to 6 (28-31 feet)

*Motorhome sizes are determined by exterior length. The floor plan illustrations shown here are samples of the day and night configurations. The actual floor plan in your vehicle may be different from those illustrated.*

**STANDARD RV** Perfect for a party of 2 to 4 (21-24 feet)
